Re: Patent application entitled: Magnetic Resonance Imaging Methods and Compositions"

Dear Dr. Constantinides:

I trust all is well with you. I have been trying to reach you for some time. As you probably recall, I am a patent attorney, and we worked on a patent application earlier this year.

Enclosed is a Declaration form which is required to be submitted to the U.S. Patent Office for your application.

Could you as the sole inventor on the application sign and date the document on page 3 where indicated. Please also print your citizenship on page 3 where indicated.

Please return the entire signed document (all 3 pages) to me today, October 24, to facsimile number 617 439 4170.

I will be out of town after today, and I would like to proceed to submit the signed form to the Patent Office later today.

Please contact me if you have any questions, or if I can be of any other assistance.

Best regards,

Peter F. Corless
